**COMMENTS/SPECIAL REQUESTS/PRODUCTS NEEDED:**

Request copies of all archived aerial pictures of the following areas for the period beginning 1950 though present time.

Combined land /water area of interest is east of Houston, TX and is adjacent to the north side of I-10 where I-10 crosses over the San Jacinto River in Harris County, Texas. The land/water area of interest is comprised of three adjacent areas that are identified in the attached picture (jpg file):

Area 1 identified with the letter "A".

Area 2 identified with the letter "B".

Area 3 the water area north of areas "A" and "B" and south of the "C" shaped island, i.e., the water area between areas "A" and "B and the "C" shaped island..
